

PRODUCT DECLARATION / SAFETY DECLARATION — Asbestshop Work Gloves (Latex Grip Gloves)

1. Product Information

- **Product name:** Asbestshop Work Gloves – Latex Grip Gloves
 - **Packaging options:** 1 piece / 12 pieces / 120 pieces
 - **Brand / Supplier:** Asbestshop
 - **Application:** General-purpose protective work gloves for handling tools, construction materials, debris and equipment during light to medium-duty tasks.
-

2. Product Description

The Asbestshop Work Gloves are durable, five-finger protective gloves made from a **10G polyester liner** with a **textured crinkle latex coating** on the palm and fingers.

They provide reliable grip and mechanical protection for common building, renovation and maintenance work.

These gloves are tested and certified as **PPE Category II** according to the EU Type-Examination Certificate.

3. Key Features & Properties

Standards & Certification

Compliant with:

- **EN ISO 21420:2020** – General requirements for protective gloves
- **EN 388:2016 + A1:2018** – Mechanical protection

(Category II classification confirmed in Certificate 2777/25500-01/E00-00)

Mechanical Protection (EN 388)

Certified for protection against:

- Abrasion
- Cut hazards (basic level)
- Tear resistance
- Puncture hazards

(Specific performance levels are not included in declarations, but the gloves are fully EN 388 certified.)

Design Features

- 10G black polyester liner
 - Purple crinkle-latex coating on palm and fingers
 - Excellent grip in dry and slightly wet conditions
 - Breathable back for comfort
 - Sizes available: XS to XXXL (6–12)
-

4. Usage & Handling (Summary)

Suitable for:

- Construction and renovation work
- General maintenance and assembly
- Handling wood, metal, stone, tools and materials
- Waste handling and light demolition tasks

Not suitable for:

- Chemical exposure (use nitrile gloves instead)
- High cut hazards (not a cut-resistant glove)
- Heat or open flames

Inspect gloves before use. Replace when damaged or worn.

5. Health & Safety Information

- Contains **no asbestos**.
 - Contains **latex only in the outer coating**, not in the liner.
 - Protective performance depends on proper fit and good glove condition.
 - Not intended for chemical protection, high-risk cutting tasks, or asbestos removal.
-

6. Environmental & Waste Disposal

- Store in a dry, cool environment away from sunlight.
 - Dispose of according to local waste regulations.
 - If used in contaminated areas (e.g., hazardous dust, asbestos), dispose of as hazardous waste.
-

7. Supplier Declaration

Asbestshop declares that the "Asbestshop Work Gloves – Latex Grip Gloves" comply with **EN ISO 21420:2020** and **EN 388:2016+A1:2018**, meeting the essential health and safety requirements for **Category II PPE** under Regulation (EU) 2016/425.

When used according to the instructions, these gloves provide reliable general-purpose protection in industrial and construction environments.
